

# ENCAP BOARD CANDIDATE

**NAME: Azar Webb III**

---

Azar would bring tremendous passion and ideas to our Board of Directors, and he is ready to get started!

In his own words, Azar wants to “change minds and bring his wisdom to the table.” He uses his experience with the foster care system as his foundation for leadership.

At both the local and national levels, he has served as an advocate for youth and young adults through Project Everlast, Opportunity Passport, and Family Housing Advisory Services.
